

Timberview High School PTSA

Become a member of the Timberview High School Parent, Teacher and Student Association (PTSA). PTSA is an organization focused on the improvement of the school experience for children in grades K-12. PTSA supports and speaks on the behalf of the youth in our schools, provides assistance to parents in developing skills needed to develop and raise their children and encourages parent and public involvement at all levels.

By becoming a member of the PTSA today, you are investing in our child's education and becoming involved in your school. Most importantly, you are sending a message to your child that you care.

Since its inception at Timberview High School, its PTSA has awarded annual scholarships to seniors - \$4,000 was awarded during the 2012-2013 school year, coordinated the school's After-Prom event, promoted the Reflections programs, and donated to the Mansfield Education Foundation which annually awards grants to the faculty members across Mansfield ISD.

Join today and be involved.
